Circle months that **do not** have 31 days

JANUARY

JUNE

FEBRUARY

SEPTEMBER

MARCH

DECEMBER

$$\begin{array}{r} 5,036 \\ -4,976 \\ \hline \end{array}$$

Match the problems and write the answer

$17 - 8 =$

$16 - 9 =$

$14 - 6 =$

$13 - 5 =$

$12 - 7 =$

$15 - 6 =$

$10 - 3 =$

$11 - 6 =$

Write the missing multiples of 7.

Then, circle the multiples that are odd. 35, _____, _____, _____, 63, _____

Four girls counted their change. Anne had 59 cents, Barb had 84 cents, Corrina had 67 cents and Debbie had 74 cents. What was the average amount they had?
